Non conductive fence pins and line markers

Tricel® Non conductive and insulated fence pins and line markers protect the crews from underground electrical hazards. Meeting your H&S obligations.

Non conductive fence pins, line markers and insulated pins all meet the highest standards and aid your health and safety compliance obligations.

- 100% non conductive
 - In a variety of diameters
 - Available in any length
 - Available with "easypush" foot plate
 - Optional tension clips
 - Has no scrap value
 - Available with your logo
- Products available currently**
- 1.27 Non conductive fence pin
 - 300 Line marker
 - 600 Line marker
 - 750 Line marker
 - 900 Line marker
 - 1 meter Insulated pin (16mm)
 - 0.6 meter Insulated pin (16mm)

- Flexural strenght 650MN/m²
- Flexural Modulus..... 30GN/m²
- Tensile strength 500MN/m²
- Electrical surface resistivity..... 10¹² OHMS
- Volume resistivity 10¹² OHMS
- Insulation resistance M Ohm 1000
- Dielectric strength @ 90° Kv/mm 25
- Dielectric strength @ 90° KV 75
- Permittivity @ 50 Hz5
- dissipation Factor002
- comparative Tracking..... .V 600

Light weight

Non conductive

Robust

High visibility

NEW

Our insulated pins are now available with a Steel end cap and point for difficult ground conditions. The only alternative to steel pins.
